

ASSOCIATION OF INDEPENDENT MARYLAND SCHOOLS
890 Airport Park Road, Suite 103, Glen Burnie, MD 21061

PROCEDURES REGARDING ADMISSIONS TO INDEPENDENT MARYLAND SCHOOLS

The AIMS member schools listed on this card represent a wide range of educational alternatives. We endorse the principle of choice in school selection, and are committed to encourage and assist parents and students in their consideration of appropriate alternatives.

A recognition of the following guidelines is helpful to all concerned:

1. Upon submission of an application, the parents should notify the applicant's current school of their intention to apply elsewhere.
2. A school will not accept a student from another school without an exchange of information between officials of the two schools.
3. Parents are encouraged to share with the schools their concerns about duplicate applications, duplicate tests, dates for notification of acceptance, or acceptance of enrollment.
4. Parents are requested to inform all schools to which they have applied when they do not want further consideration of the applicant for the coming academic year.
5. Parents should ask the schools to share test results.

AIMS Schools are committed to the principle of non-discrimination on the basis of race, color, national and/or ethnic origin.

x These schools, except for early decision programs, adhere to a common reply date of April 1 as the date before which no new day school family will have to commit to a school with a non-refundable deposit. Schools often establish earlier reply dates for returning students.

* These schools, for admission to grades 2-4 or 5 (depending on whether or not grade 5 is a part of Middle School), will use all the same tests for reading comprehension and math computation and will share results with any other school.
